

## SI-CARD HIRE FROM SPORTident - 2018

SI-Card hire prices have remained fixed for 8 years and for customers who use SiEntries to take entries for their events and AutoDownload results software, there will be no price increase in 2018.

- We provide discounts of up to **72p on SI-Card hire** if you use **SPORTident SiEntries** to take entries. [see below]
- We provide a discount on SI-Cards you hire that would not be handed out, even if all pre-entries come to the event. This discount is available if you use **SPORTident AutoDownload** Timing/Results Software. [see below]

Most events require one SI-Card for each participant while a few team events only require one SI-Card per team.

### Charge for Second And Additional Days of a Multi-Day Event

SI-Card 9	<b>£1.29</b>
SI-Card 6	<b>£1.65</b>
SI-Active Card	<b>£2.10</b>

### Charge for An SI-Card That Is Not Used – Available Only If Using AutoDownload

For the avoidance of doubt, an SI-Card that is not used is one that would not be handed out, even if all pre-entries are assumed to come to the event. It also assumes that if SI-Cards are also hired from another organisation, our hire cards are allocated first.

The price below is only available if you send us the AutoDownload Event Backup after your event so that we can verify numbers. This discount is intended to encourage events to hire enough SI-Cards to ensure they have enough to cover entries on the day. The charges are as shown below:

SI-Card 5, 8 and SI-pCard	<b>£0.39</b>
SI-Card 9	<b>£0.55</b>
SI-Card 6	<b>£0.71</b>
SI-Active Card	<b>£0.90</b>

## Our Terms & Conditions

### The Event Must:

- Inform the competitors on the website, in Final Instructions and using prominent signage at the START of the event that “SI-Cards (timing chips) MUST be handed in to the organising team ON THE DAY and preferably at the Finish even if you retire during the event. This is an essential safety requirement of the event and failure to do so could result in an unnecessary search by rescue organisations. There will be a charge of **£25+VAT** for a standard SI-Card and **£50+VAT** for an SI-Active Card and you could be disqualified from taking part in a future event”.
- Inform any paramedics employed by the event that “To assist safety monitoring, SI-Cards (timing chips) should be removed from competitors before they are taken to hospital and handed in to the organising team and preferably at the Finish”.

### Returning & Recovering Outstanding SI-Cards

- All hire equipment with the exception of outstanding/lost SI-Cards, should be despatched to us on the next working day following the event by courier or Royal Mail Special Delivery to the address above. Tracking details must be emailed to us when you despatch the equipment.
- Equipment should be despatched to us using a next day delivery service to meet our tight turn round times. Except by prior agreement, an additional day rental will be charged for any equipment that does not arrive at our address within two days of the agreed despatch date. For a weekend event, the equipment must arrive no later than Wednesday.
- All participants who have not returned their SI-Cards to you after the event should be contacted and asked to return their card **to your address** so that you know when to stop chasing the SI-Cards. They should be sent to you in a small padded envelope to avoid damage by mail sorting machines. **Competitors should not return SI-Cards directly to SPORTident UK.**

- No later than fourteen days after the event, you should despatch all lost cards that you have recovered from competitors by secure next day delivery service in a small padded envelope to avoid damage by mail sorting machines.
- Any SI-Card that does not arrive at the address below within 16 days after the event will be charged at **£25** per standard SI-Card and **£50** per SI-Active Card.
