

Commercial organisations are charged the recommended retail price. If the purchasing organisation is using the equipment for a sport based activity and makes **NO** financial gain from the events or activities for which the equipment is used, **most** of the prices shown below will be discounted by 15%. Examples of **Not for Profit** organisations are amateur sports clubs, schools and colleges of further education. Organisations based **outside UK/Republic of Ireland** should contact us for pricing information. Prices are subject to change without notice and are affected by currency fluctuations. Carriage/Insurance is charged at cost.
